Heart of the Operating Theatre

The advanced function and design of the high quality Haico surgery tables fulfill all requirements of an up-to-date equine surgeon. Where quality, safety, function and hygiene are the keymarks, these state-of-the-art surgery tables are the best choice.

Equine surgeons all over the world have chosen Haico table for their multiple surgical needs.

Haico selection consists of four standard models. The different models we offer can adapt to a practice that does an occasional surgery, or one that does several surgeries a day.

Years of intensive product development and usage guarantees the best overall quality available in the world.

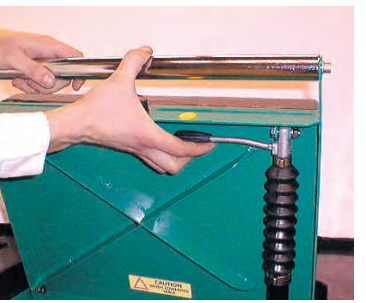

Stainless steel wheel castors with directional lock.

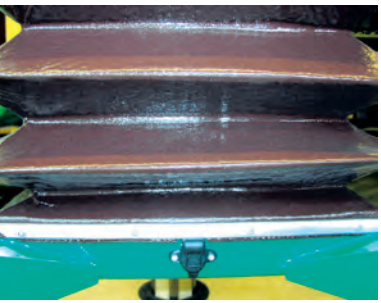

Push buttons on both side of the table. Using is easy and reliable.

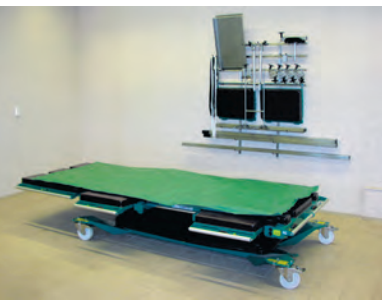

Unique system in leg support attachment for easy handling.

Side panels can be locked steplessly by the gas hydraulic cylinders.

Strong and flexible cover to protect mechanics and electronics.

Complete set with extra cushion.
